Looking for a job in a GMP environment?

**INDIVIDUAL TRAINING FOR PHARMACEUTICAL & HEALTHCARE INDUSTRIES
DELIGHTING THE TRAINEES AND THE EMPLOYER**

Somerset Maugham, British author, dramatist (1874-1965)

'It's a funny thing about life; if you refuse to accept anything but the best, you very often get it.'

This course will develop an understanding of the GMP requirements

Understanding the particular regulations and Good Manufacturing Practice (GMP) requirements of the Pharmaceutical and Healthcare industries can be difficult.

Many people with excellent skills find it hard to sell these skills into these industries as they do not understand the particular requirements and language!

At GMP Services, we try to bridge the gap. Let us talk you through the regulatory environment, the regulations, the processes, the Quality Systems and finally let us review your CV and see how it can be best positioned for a job in this sector!

This course is designed as a one-to-one session (lasting about 3 hours), but can be delivered to small groups.

The course is also suitable for service providers or contractors to the industry.

Certificates provided on completion of an assessment.

Course Outline

The course includes the following topics:

- Who the regulatory authorities – FDA, IMB, etc
- A look at the different sectors within the industry and the regulations that apply
- Overview of GMP requirements in the industry
